Miss Annie Lou Power, of Augusta, Ga., spent a week or two at the home of the writer, preparing to celebrate the golden wedding of himself and his "better half," a running account of which is given below:

The writer had the honor and pleasure Tuesday night of participating in the celebration of an event in which he, as partner to some extent, feit a deeper interest. A half century before, he by the "powers that then were," had enterred in alliance, "offensive and defensive" (more of the last than first, with "one of Eve's fair daughters, for the promotion of each other's interests and happiness.

Mesdames J. T. Latimer, B. C. Kay and J C Lomax recrived the guests, who at once repaired to the parlor, and gave congratulations to the long ago wedded conpie. While the two of such rarely lengthened companionship in wedded life are thankful indeed for the donations of friends on the joyous occasion, yet they are doubly glad, because of the sincere and they know, heartfell expressions of esteem and good wishes for continual health, prosperity and length of days.

# are Patent **Medicines Frauds?**

We are often asked the above

question, and our answer has in-variatly been that no medicine that gives satisfactory results could be fraudulent. We could not afford to sell fraudulent medicines. Our business depends on pleased customers-in fact any business does. Therefore, we would take an enormous risk did we not fulfil every promise made our customers. We are very careful of what we guarantee, and when we do guarantee an article we must know it pretty wellv'at it contains and how it is made. We have in mind the Rexall line of remedies, particularly Rexall Mucu-Tone, of which we are selling large quantities at this time of the year. Mucu-Tone is one article that we can recommend over our counter and know that ninety-eight per cent. of its purchasers are going to be benefited and will return to our store pleased customers. Mucu-Tone is a positive cure for internal scrofula or what is commonly called Catarrh. It is without a doubt the peer of all tonics for any one who is suffering from a run-down condition, can't work, feels constantly tired or suffering from the more plainly described symptoms of Catarrh-such as stopping of the nose, cold in the head or bad cough.'

It must be remembered that Catarrh is not confined to the nose and throat. It usually starts there, but it leads more often to serious trouble, particularly the wasting of tissues, as in the case of little Miss Dillon, of Albany. Here is a letter from her father:

"My little girl had catarrh so badly that the disease had begun to eat into the cartilage of the nose. Snuffs and instruments failed to do more than give temporary relief. I saw the advertisements of Rexall Mucu-Tone. but I could not believe that anything taken in the stomach could cure the sore membranes of the However, I took advantage of your free trial offer and my girl began taking your remedy according to directions. I want to say right here that Mucu-Tone is certainly the greatest medical discovery of the times, and to thank you for the liberal offer that first induced me to give it a trial. Muco-Tone has cured my daughter's catarrh completely. The discharge has stopped altogether, and her breath is as sweet as can be. Again thanking you,

MATT. DILLON, 24 N. Swan St., Albany, N. Y." We are selling a large trial bottle of Mucu-Tone for fifty cents on the famous Rexall guarantee of your money back if you are not satisfied. We promise that one bottle will put flesh on your bones and bring new vitality to your

### A REASON

The United Drug Company, manufac-turers of the Rexall Remedies, for whose preparations we are agents in this city, make 200 remedies, one for each ill. Each one is especially prepared to cure one disease, and that only. age of specialists. You don't contract with a plumber to build your whole house, do you? Why should you contract with one proprietary medicine to cure all your troubles?

Oftentimes you run across a building contractor who has a separate plumbing department, his own plastering department, and so on, all of which dovetail together and build the house. This is just what the United Drug Com-pany is doing for you in the medicine line. They have cut down profits; they manufac-ture Rexall Remedies for over 2,000 retail drug-gists. These druggists are the only intermediate profit that stand between The United Drug Company and the patient. Could the United Drug

# Pig-Sty or Cotton Field?

Since Biblical times, the hog has had the reputation of being a very uncleanly animal. How then, can hog fat, from which lard is made, be clean and wholesome, and make healthful, digestible food? It simply cannot, and does not.

Now let us consider the ingredients of COTTO-LENE-just pure, refined cotton seed oil, and the choicest of beef suet. Do they not appeal to you as preferable to the fat of the swine?

COTTOLENE is an absolutely pure product, and

will make palatable, digestible, wholesome food. We cannot understand how anyone who has once been acquainted with its merits could take chances with hog fat.

COTTOLENE is the best frying and shortening medium made today. Wherever exhibited in competition with other cooking fats, it has always been granted highest award. If the best is none too good for you, ask your grocer for COTTOLENE, and do not let any prejudice stand in the way. The only way to know COTTOLENE is to test it yourself.

Cottolene is Guaranteed We hereby authorize your grocer to refund your money in case you're not pleased after having given COTTOLENE a fair test.

Never Sold in Bulk COTTOLENE is packed in pails with a patent air-tight top, to keep it clean, fresh and wholesome; also to prevent it from absorbing the disagreeable odors of the grocery, such as fish, oil, etc.
